Perfectly positioned on a quiet corner lot at the edge of the hamlet, this property enjoys a scenic setting with trees across the road in front and an open lot, ball diamond, and school grounds just across the other road. Inside the home, the main floor is bright and welcoming, filled with natural light from large windows. The generous living room, dining area, and kitchen provide plenty of room for family gatherings. The kitchen features tons of cabinetry, a built in pantry, and plenty of counter space for cooking and entertaining. A second full bathroom and a landing area large enough for a piano, reading nook, or workspace complete the upper level. The basement adds even more living space with a large rec room, laundry area, two storage rooms, a half bath, and another flexible room that could serve as a bedroom or office. This home has seen numerous updates over the years including vinyl windows, new hot water tank, refreshed bathrooms, updated flooring,

and modern paint. It was overbuilt with 2x8 exterior walls, making it exceptionally solid and energy efficient compared to most homes built in that era.
